OBJECTIVE: Pharmacist Intern

PROFILE: Second-year Pharmacy Student with excellent **customer service, teamwork** and **presentation** skills developed through experience in both pharmacy and corporate environments

EDUCATION: **Doctor of Pharmacy Candidate**
University of California San Francisco, CA (Class 0000)

Bachelor of Science, Electrical Engineering
University of Kentucky, Louisville, CA (0/00) Cum laude, GPA=3.5

Associate Degree, Electrical Technology
Morris Brown College, Atlanta, GA (0/00) GPA=3.5

HEALTHCARE-RELATED EXPERIENCE:

Development Chair October 0000 - Present
UCSF Children's Health Hut

- Provided free health screenings for children in San Francisco neighborhoods by visiting local schools and community centers.
- Wrote grant proposals and solicited private donations from alumni, raising more than \$4500 for Community Health committee to provide services to children.

Pharmacy Clerk May 0000 - August 0000
Walgreen's Pharmacy, San Francisco, CA

- Provided in-store advice to customers in community pharmacy serving primarily Spanish-speaking population.
- Learned to respond effectively to simultaneous customer requests in this high-volume service environment.

CUSTOMER SERVICE EXPERIENCE:

Customer Service Engineer July 0000 - May 0000
Duke Kahanamoku Electronics Testing Corporation, San Francisco, CA

- Developed materials for and delivered more than 100 customer training seminars for groups of up to 150 customers. Was commended by top management for my excellent presentation skills.
- Trained corporate sales representatives who were not engineers, condensing extremely complex technical information into understandable concepts.
- With team of engineers and executives dispersed throughout North and South America, resolved difficult technical problems for customers who were working remotely on field-installed equipment.
- Worked with textbook authors/publishers to feature CEC equipment for market exposure. Developed technical manuals for new and current products.
