

Jack Palmerston

(123) 456-7890 | jack.palmerston@ucsf.edu

Education

University of California, San Francisco – School of Medicine (UCSF)

City, State - *not necessary if location is already in the name of the organization (e.g., UCSF)*

M.D. with Distinction Candidate

Expected 05/20XX

Clinical and Translational Research Pathway

University of California, Auckland

B.A., Biochemistry and Economics

05/20XX

[Medical Specialty] Research

Institution, Name of Department, Title

Dates

Advisor: Name and Degree of advisor/PI

Study: Title of Study

- Provide an overview of the project focus.
- Include the main responsibilities related to the research.
- Briefly describe the outcomes resulting from your research (manuscript in preparation, poster presentation, etc.).

UCSF Department of _____, Research Assistant

08/20XX – Present

Advisor: John Nelson, M.D.

Study: Utilization of XX technique to identify an antibody that selectively binds to an ABC inhibitor.

- Develop and validate a TT assay for an ABC inhibitor.
- : Enzymatically ligated ABC inhibitor, and managed partnership between [Name of Department] and collaborators.
- Manuscript in preparation.

UCSF Department of _____, Research Assistant

07/20XX – Present

Advisor: Megan Hamilton, M.D.

Study: Pilot study comparing AA thresholds measured by smartphone application with thresholds measured by clinical EE screenings.

- Develop and validate an automated screening test to increase access and affordability of EE clinical services.
- Calibrated WW devices, recruited patients at clinic, built database, and contributed to statistical analyses.
- One abstract in press, one abstract in submission, and manuscript in preparation.

UCSF Department of _____, Student Researcher

03/20XX – 10/20XX

Advisor: Tina Wellington, M.D.

Study: Three-patient case series of an atypical presentation of ZZ syndrome.

- Broaden differential diagnosis of YY condition to include ZZ syndrome.
- Collected clinical data from patient chart review, and measured volume of XYZ with CC software.
- Manuscript in press.

Additional Clinical Research

UCSF Department of _____, Research Assistant

09/20XX – 12/20XX

Advisor: Carol Dunedin, M.D., Ph.D.

Study: Effect of _____ on range of motion and outcomes following ABC surgery.

- Collect and analyze data to guide patient expectations after ABC surgery.
- Reviewed patient charts and assembled database using Excel.
- Manuscript in press.

UCSF Department of _____, Student Researcher

11/20XX – 07/20XX

Advisor: Albert Tamaki, M.D.

Study: Determination of utilization, cost, and sources of cost variance in the surgical management of XYZ disorder.

- Provide evidence to inform hospital administrative policies that reduce cost and cost variance of surgery addressing XYZ disorder.
- Extracted data from patient charts and assisted with cost-sensitive decision tree analysis.

UCSF Department of _____, Student Researcher

05/20XX – 10/20XX

Advisor: Lance Timaru, M.D.

Characterization of DEF disease transmission in a low-endemic setting using techniques in spatial epidemiology.

- Identify patterns in DEF disease transmission to inform novel interventions that enable areas of DEF disease control to become areas of DEF disease elimination.
- Transcribed individual- and hospital-level data from international rural clinics, and co-facilitated cultural exchange between local undergraduates from University of Wisteria and undergraduates from colleges in the United States.

Leadership and Mentorship

Institution, Name of Organization

Title *Dates*
City, State Abbreviation - not necessary if location is already in the name of the organization (e.g., UCSF)

- Provide a description of your role and responsibilities. Start with a strong active verb and consider using the ACE formula.
- Include relevant skills and your accomplishments to help the Residency Director determine how you could contribute to their team.

UCSF School of Medicine

Admissions Review Committee, *Reviewer* 10/20XX– 03/ 20XX

- Served on mixed student-faculty admissions committee to evaluate more than 200 medical school applications.
- Contributed to shaping culture and values at UCSF by selecting class of 20XX.

Admissions Interview Committee, *Interviewer* 09/0XX – 02/ 20XX

- Interfaced with a diverse range of candidates to determine mutual fit at UCSF and submitted a written impression to admissions committee to assist in its overall assessment of the candidate.

Admissions Tour Guide Committee, *Tour Guide* 10/20XX – 02/20XX

- Introduced UCSF campus and culture to applicants to help inform their decision-making process.

UCSF Mental Health Advocacy Group

Student Leader 11/20XX – 12/20XX

- Collaborated with faculty, students, and mental health professionals to organize a curricular intervention at UCSF that leverages student narratives to reduce stigma of mental illness among medical students.
- Launched curricular intervention at other medical schools in collaboration with student leaders at peer institutions.
- Presented an adoptable model for initiating this student-driven curricular intervention at a national conference.

UCSF Mental Wellness Event

Fundraiser 06/20XX | 06/20XX

- Raised over \$15,000 for adolescent and emerging adult mental wellness programs by organizing an annual charity football tournament at Bay Area high school.

UCSF PRIDE Advocacy Coalition

Student Community Advocate Mo/20xx-Mo/20xx

- Proactively facilitated discussions between UCSF and community stakeholders to increase the number of transgender pronoun signage across the campus and health systems resulting in the adoption of more inclusive language for students and patients.

Housing and Food Insecurity Advocate

Mo/20xx-Mo/20xx

- Independently collected tents and food donations for various homeless encampments located in downtown San Francisco, including soliciting businesses and nonprofits for donations, organizing volunteers and bi-weekly distributions.

UCSF Mentoring Program

Mentee Recruiter 12/20XX – 12/20XX

- Co-led recruitment of over 200 students from underserved high schools in Bay Area to participate in UCSF's student-run pre-health and college counseling program.

Community Health Experience

Institution, Name of Organization, Title

Dates

City, State Abbreviation - not necessary if location is already in the name of the organization (e.g., UCSF)

- Provide a description of your role and responsibilities. Start with a strong active verb and consider using the ACE formula. Include relevant skills and your accomplishments to help the Residency Director determine how you could contribute to their team. To add more depth to your clinical experiences, consider adding the following points of descriptive text:
 - Setting (e.g., community clinic, hospital, nonprofit)
 - Patient populations (e.g., culturally diverse patients, homeless patients)
 - Clinical issues (e.g., issues related to diabetes, women's health, hypertension)
 - Clinical skills and responsibilities (e.g., triage, assessment, counseling)
 - Teams you were working with (e.g., consulting with social workers, collaborating with nurses and doctors)

UCSF First Aid Team, Volunteer

05/20XX – Present

- Administered first aid to athletes at various local competitions to ensure safety and enhance UCSF branding throughout the Bay Area.

San Francisco Homeless Clinic, Volunteer

11/20XX – 07/20XX

- Served on interdisciplinary shelter management team to provide primary care for shelter residents with acute and chronic medical conditions.
- Offered health education, physical exams, and dermatological care to one of San Francisco's most vulnerable patient populations.

Entrepreneurship and Innovation

UCSF Health Innovation Competition, Medical Consultant

09/20XX – 04/20XX

- Worked with an interprofessional team of Silicon Valley entrepreneurs, bioengineers, and business professionals to create a business plan to provide affordable health to patients through a smartphone application.

UCSF Health Entrepreneurship Club, Student Leader

08/20XX – 05/20XX

- Designed curriculum of lectures and interdisciplinary conferences that focused on teaching topics in entrepreneurship to medical, pharmacy, and nursing students at UCSF.
- Directed networking events between students, industry experts, and health technology leaders in the greater Bay Area to provide opportunities in innovation and entrepreneurship.
