EDUCATION

University of California, San Francisco/San Francisco State University <i>Masters of Science in Physical Therapy</i>	San Francisco, CA Expected 00/20xx
Stanford University <i>B.S. in Environmental Biology</i>	Stanford, CA 00/20xx

PHYSICAL THERAPY EXPERIENCE

Name of Organization, City, State Abbreviation 00/20xx – 00/20xx
Title

City, State Abbreviation - *not necessary if location is already in the name of the organization e.g., UCSF*

- Provide a description of your role and responsibilities. Start with a strong active verb and consider using the ACE formula.
- Include relevant skills and your accomplishments to help the Hiring Manager determine how you could contribute to their team.
- To add more depth to your clinical experiences, consider adding the following points of descriptive text:
 - Setting (e.g., community clinic, hospital, nonprofit)
 - Patient populations (e.g., culturally diverse patients, Spanish speaking patients)
 - Clinical issues (e.g., issues related to diabetes, women's health, hypertension)
 - Clinical skills and responsibilities (e.g., triage, assessment, counseling)
 - Teams you were working with (e.g., consulting with social workers, collaborating with nurses and doctors)

General Relativity Clinic, San Francisco, CA 00/20xx – 00/20xx
Student Physical Therapist 3, Inpatient Rehabilitation

- Treated patients with stroke, spinal cord injury, traumatic brain injury, amputation, neuropathy, encephalopathy, and post-surgical orthopedic injuries
- Collaborated with medicine, occupational therapy, speech-language pathology, nursing, social work, and neuropsychology in providing comprehensive rehabilitation services for adult and geriatric patients.
- Supervised and directed rehabilitation aides
- Participated in multidisciplinary rounds, patient/family conferences, and conducted family/caregiver education
- Advocated for patients and negotiated with insurance companies to address equipment and healthcare needs

Nobel Prize Sports Therapy Assoc., Oakland, CA 00/20xx – 00/20xx
Student Physical Therapist 2, Outpatient Orthopedics & Sports Medicine

- Evaluated and treated adult outpatient orthopedic and sports medicine patients with diverse diagnoses including post-surgical shoulder and knee patients, lumbar and cervical pain, and osteoarthritis
- Managed treatment of up to 16 patients per day, supervision of support staff, documentation of services, correspondence with physicians, equipment assessment, and fitting
- Utilized manual therapy, joint mobilization, ROM, traction, stretching, strengthening, modalities, soft-tissue mobilization, and casting for orthotics

UCSF Faculty Practice, San Francisco, CA

00/20xx – 00/20xx

Student Physical Therapist I, Outpatient Orthopedics

- Evaluated and treated outpatient orthopedic and chronic pain patients with supervision of a clinical instructor
- Provided documentation to support the delivery of physical therapy
- Collaborated with Occupational Therapists to provide treatment for patients with spinal tuberculosis, post-polio syndrome, and chronic fatigue syndrome

EMC Medical Center, San Francisco, CA

00/20xx – 00/20xx

Student Physical Therapist I, Inpatient Acute

- Evaluated, treated, and educated acute neurological and post-surgical patients in the ICU and Step Down unit
- Treated patients with a variety of diagnoses including CVA, intracranial hemorrhage, TBI, aneurysm, brain cancer, spinal cord injury, lupus, and coronary artery disease

RESEARCH

Institution, Name of Department, Title

00/20xx – 00/20xx

City, State Abbreviation - *not necessary if location is already in the name of the organization, e.g. UCSF*

Advisor: Name and Degree of Advisor/PI

Study: Title of Study

- Provide an overview of the project focus
- Include the main responsibilities related to the research
- Briefly describe the outcomes resulting from your research (manuscript in preparation, poster presentation, etc.)

Stanford, Ballet Department, *Research Assistant*

00/20xx – 00/20xx

Palo Alto, CA

Advisor: Anastasia Bailarin, PT, DPT

Study: Mental Imagery in Ballet Performance and Its Effect in Artistic Expression

- Sought to determine the influence of mental imagery on the movements of ballet dancers
- Recruited subjects and then contributed to the analysis and data collection of biomechanical responses of mental imagery and cues on alignment during dynamic movements among ballet dancers
- Manuscript and poster presentation in progress

Study: Biomechanical Analysis of Ballet Dance Movements

- Performed comprehensive literature reviews to gather relevant research articles
- Organized research data into an excel spreadsheet and SPSS for statistical analysis
- Recruited and scheduled 60 participants utilizing social media, flyers, and presentations
- Transcribed video recordings with EMG data for data collection

LEADERSHIP & MENTORSHIP

California Physical Therapy Association, San Francisco, CA

00/20xx – 00/20xx

Diversity Affairs

- Developed and supported opportunities within the CPTA that increases diversity of the CPTA Board and leadership
- Act as a liaison to the profession, public and members for resources and educational opportunities in diversity, equity, and inclusion
- Reviewed CPTA policy statements and when necessary provided recommendations to the CPTA Board for revision and/or amendment to reflect diverse, equitable, and inclusive process in the CPTA
