EDUCATION

- **University of California San Francisco/San Francisco State University (UCSF/SFSU)**, DPT, May 20XX
- **Monterey University (MU)**, BS in Physical Science and BA in Ballet, *cum laude*, May 20XX

PHYSICAL THERAPY AFFILIATIONS

Outpatient:

Hayward College Health Center, *Outpatient Orthopedics* May – Aug. 20XX

- Successfully managed a daily caseload of up to 10 orthopedic clients under the supervision of certified Clinical Specialists in Orthopedic Physical Therapy
- Evaluated and treated a student population with diverse diagnoses including repetitive strain injuries, acute and chronic cervical and lumbar pain, post-orthopedic surgeries, sports-related injuries, chronic pain, post-partum care, and a variety of upper and lower extremity injuries with significant autonomy
- Conducted video gait and running analyses, collaborated with the sports medicine staff while working with student-athletes, and led crutch training sessions for nursing staff

Fresno Children's Hospital, *Pediatric Outpatient* Jan. 20XX

- Created engaging treatment sessions for children with a variety of motor and cognitive delays
- Thoughtfully provided family education, encouraged caregiver/family involvement, and creatively utilized adaptive equipment to help patients achieve goals

Lafayette Faculty Practice, *Outpatient Rehabilitation* March 20XX

- Provided rehabilitative care for a culturally diverse outpatient population with health conditions ranging from adhesive capsulitis and multiple sclerosis to post-TKA and bilateral lower extremity amputations.
- Actively participated in the evaluations and fittings of artificial limbs and was able to co-lead the treatment for 3 patients with amputations.

Inpatient:

Los Gatos General Hospital, *Inpatient Rehabilitation/Acute Care* May – July 20XX

- Evaluated, treated, provided education, and planned discharge for acute neurological and orthopedic patients in the ICU and acute units. Treated patients with a variety of diagnoses including CVA, intracranial hemorrhage, TBI, aneurism, cancer, spinal cord injury, and post-surgical procedures
- Participated in multidisciplinary rounds, observed orthopedic surgeries, and expanded role to include shadowing of all medical team members in the hospital
- Proactively revamped and co-taught the physical therapy portion of a weekly Total Joint Replacement Pre-Operative Class for patients undergoing surgery

Palo Alto General Hospital, *Inpatient Rehabilitation/Acute Care* Sept. 20XX

- Assisted in the treatment of a diverse and underserved adult patient population with a wide range of neurologic, orthopedic, and medical diagnoses
- Attended multidisciplinary team meetings and collaborated with case managers for discharge planning

To Be Completed:

Chico Medical Center, *Outpatient Rehabilitation* March – May 20XX

ADDITIONAL PHYSICAL THERAPY EXPERIENCE

Berkeley Sport & Medicine, *Outpatient Orthopedic Rehabilitation Aide* April 20XX – May 20XX

- Guided patients of various fitness levels through therapeutic exercises while providing personalized customer service and care, under the direct supervision of physical therapists

Oakland Medical Center, Acute Rehabilitation

Sept. 20XX – July 20XX

Volunteer

- Supported therapists with patient care including transfers, exercises, and daily tasks to help the rehabilitation team maintain an efficiently running clinic

MU Pilates and Physical Therapy Lab, Outpatient Orthopedics, Los Angeles, CA

Jan. – May 20XX

Volunteer

- Educated and provided dancers with an anatomical and biomechanical understanding of their bodies and movement patterns to ensure optimal use of their skills as performers throughout their recovery
- Explained and demonstrated Pilates-focused exercises and worked extensively with patients on the Pilates reformer under direct supervision of a physical therapist specializing in dance medicine

Monterey Physical Therapy, Outpatient Orthopedics

May – Sept. 20XX

Volunteer

- Assisted 11 Physical Therapists with daily duties such as obtaining equipment, demonstrating and explaining exercises, setting up modalities, and maintaining product inventory
- Took initiative to expand knowledge by participating in in-service trainings and staff presentations

UNIVERSITY TEACHING AND RESEARCH EXPERIENCE

UCSF Department of Physiology, Teaching Assistant

Jan. – April 20XX

- Taught the first-year class of 120 students in physiology. Actively provided students with creative tools to enhance learning

UCSF/SFSU Physical Therapy Program, Teaching Assistant

April – Dec. 20XX

- Provided academic support and served as a positive resource for the first year DPT class through their foundational coursework

MU Physical Science Department, Exercise Physiology Teaching Assistant

Jan. – May 20XX

- Assisted in the instruction and setup of weekly laboratory activities. Supported students in understanding and completing lab assignments during class and office hours

MU Ballet Department, Research Assistant

Oct. 20XX – Feb. 20XX

- Contributed to the analysis and data collection of biomechanical responses of mental imagery and cues on alignment during dynamic movements among ballet dancers

MU Academic Resource Center, Tutor

Sept. 20XX – Jan. 20XX

- Organized, prepared and led weekly group and individual study sessions to support students of MU's physiology courses

GRADUATE ELECTIVE COURSEWORK

- Manual Therapy Elective, Spring 20XX and Fall 20XX
- Sports Medicine Elective, Spring 20XX
- Dance Medicine Elective, Winter 20XX

CONTINUING EDUCATION AND PROFESSIONAL DEVELOPMENT

- UCSF Running Course: Clinically Applied Biomechanics, May 20XX
- Chico Medical Center Interprofessional Behavioral Change Workshop, Dec. 20XX
- Student Volunteer at California Physical Therapy Association Conference, Jun. 20XX and Oct. 20XX

PROFESSIONAL ORGANIZATIONS

- American Physical Therapy Association, 20XX – Present
- California Physical Therapy Association, 20XX – Present
