Doctor of Physical Therapy Candidate

Stanford University, Stanford, CA 00/0000
B.S. in Environmental Biology

NEUROLOGICAL PHYSICAL THERAPY EXPERIENCE

Name of Organization, City, State Abbreviation 00/20xx – 00/20xx
Title

(City, State Abbreviation not necessary if location is already in the name of the organization (e.g., UCSF))

- Provide a description of your role and responsibilities. Start with a strong active verb and consider using the ACE formula.
- Include relevant skills and your accomplishments to help the Hiring Manager determine how you could contribute to their team.
- To add more depth to your clinical experiences, consider adding the following points of descriptive text:
 - Setting (e.g., community clinic, hospital, nonprofit)
 - Patient populations (e.g., culturally diverse patients, Spanish speaking patients)
 - Clinical issues (e.g., issues related to diabetes, women's health, hypertension)
 - Clinical skills and responsibilities (e.g., triage, assessment, counseling)
 - Teams you were working with (e.g., consulting with social workers, collaborating with nurses and doctors)

Kaiser Permanente Medical Center, Inpatient Rehabilitation, Vallejo, CA 00/0000 – 00/0000
Student Physical Therapist

- Participated in the 6 month Proprioceptive Neuromuscular Facilitation (PNF) program and received the IPNFA® Level 4b status.
- Treated stroke, spinal cord injury, traumatic brain injury, amputation, neuropathy and encephalopathy and post-surgical patients.
- Participated in multidisciplinary rounds, patient/family conferences, and conducted caregiver education.
- Presented a patient case report on Guillain Barre Syndrome.

Oregon Health Sciences University, Acute Care, Portland, OR 00/0000 – 00/0000
Student Physical Therapist

- Treated a caseload of 8-10 patients a day, under the supervision of Acute Care Physical Therapists, consisting of patients with complex diagnoses of polytrauma, post neurosurgical interventions, and stroke at the step down ICU unit.
- Floated to the emergency department to conduct a series of vestibular tests such as the dix hallpike and roll test to further evaluate neuro patients when needed.
- Conducted in-service on the Clinical Practice Guidelines after Concussion/Mild Traumatic Brain Injury.

Sutter Auburn Faith Hospital, Acute Care/Neuro Outpatient. Auburn, CA 00/0000 – 00/0000
Student Physical Therapist

- Managed a caseload of 6-8 patients a day, under the supervision of ICU and Neuro specific Physical Therapists, consisting of patients with diagnoses of CVA, dementia, generalized weakness, and more.
- Exhibited novel progress in previously non-adherent patients through active listening, motivational questioning, and trauma-informed care resulting in improved adherence to PT and often discharge to appropriate care.
- Presented *Management of Pusher Syndrome in Post-CVA Patients in the Acute Care Setting* to a room of 6 PTs after treating patients presenting with Pusher Syndrome

UCSF Community Clinic, Outpatient Ortho/Neuro

00/0000 – 00/0000

Student Physical Therapist

- Evaluated and treated diagnoses of post-craniotomy, TBI, and complex trauma in a collaborative model for patients lacking access to PT services due to homelessness and uninsured circumstances
- Collaborated with faculty, peers, and patients to further develop clinic flow and expand access to patients

ADDITIONAL PHYSICAL THERAPY EXPERIENCE

UCSF/SFSU Faculty Practice, Outpatient Orthopedics, San Francisco, CA

00/0000 – 00/0000

Student Physical Therapist

- Treated primarily an orthopedic caseload, focusing on the geriatric population and patient education around chronic pain.
- Shadowed Dr. Stevie Nicks in lumbar spine fusion, reverse total shoulder arthroplasty, and ACL repair.
- Developed a walking program log for low back patients to promote cardiovascular health.
- Attended the Pelvic Floor Journal Club weekly.
