

PELVIC ELECTIVES

FOR RESIDENCY

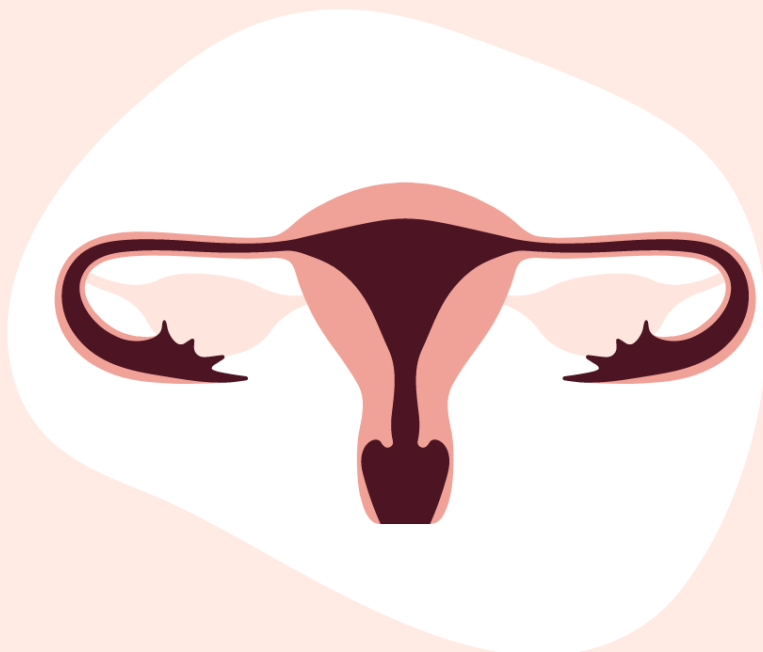

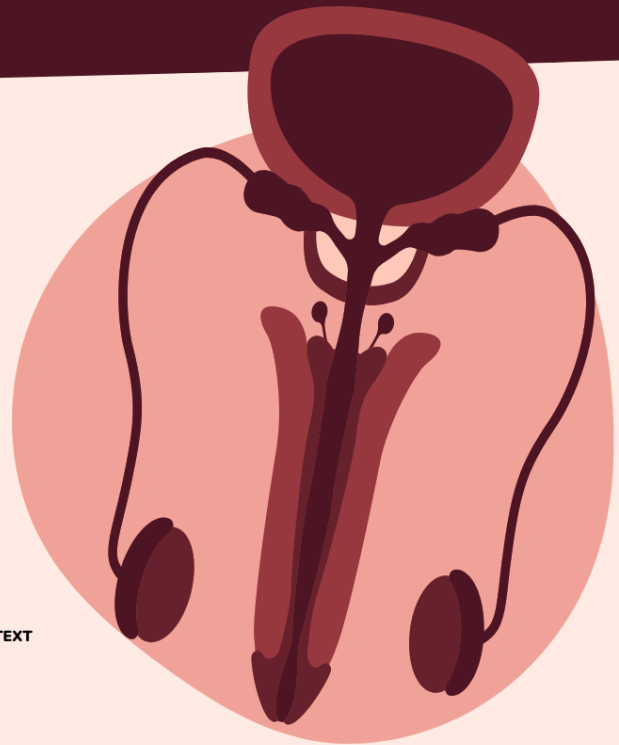

TIMELINE

In order to expand on your knowledge and skills related to pelvic floor PT, consider participating in the following electives during your 3rd year.

Pelvic Floor Elective Specialized Topics

- **Integrating Core, Hip and Pelvic Floor (FALL 2024):** This is an elective where you can further study pelvic floor and its interconnections with the spine and LEs.
 - For more information on how to register for this elective please contact: Amy Selinger, PT, DPT, OCS (amy@backtolife.net)
- **Assessment and Treatment for Chronic Pelvic Pain Dx (WINTER 2025):** In this elective, you engage in further pelvic health assessment and treatment strategies/techniques related to chronic pelvic pain dx.
 - For more information on how to register for this elective please contact: Zvart Lisa Keyan (Lisa.Keyan@ucsf.edu)

YOUR PARAGRAPH TEXT

Origin Pelvic Floor PT Elective - SU 2024

- This elective provides an entry-level introduction to pelvic floor anatomy and the skills necessary to evaluate and treat cis-female bodied patients and common pelvic floor dx
 - For more information on how to register for this elective please contact: Elizabeth Miracle, MSPT, WCS (Liz@theoriginway.com)
