NEIL ARMSTRONG

EDUCATION

University of California, San Francisco (UCSF)
D.D.S.

Expected 20xx

Massachusetts Institute of Technology (MIT)

00/20xx

B.S. Molecular Biology

- GPA: 4.0, National Honors Society

PEDIATRIC-FOCUSED DENTAL EXPERIENCE

Name of Organization, City, State Abbreviation

00/20xx – Present

City, State Abbreviation (not necessary if location is already in the name of the organization (e.g., UCSF))

Title / Preceptor: Name and Degree of preceptor

- Provide a description of your responsibilities. Start with a strong [active verb](#) and consider using the [ACE formula](#)
- Include relevant skills and the impact your work had to show RDs' how you could contribute to their team
- To add more depth to your clinical experiences, consider adding the following points of descriptive text:
 - Setting (e.g., community clinic, hospital, nonprofit)
 - Patient populations (e.g., culturally diverse patients, Spanish speaking patients)
 - Clinical issues (e.g., issues related to diabetes, women's health, hypertension)
 - Clinical skills and responsibilities (e.g., triage, assessment, counseling)
 - Teams you were working with (e.g., consulting with social workers, collaborating with nurses and doctors)

Geary Pediatric Dental Clinic, San Francisco, CA

00/20xx – 00/20xx

Externship / Preceptor: Emma Arteeth, DDS

- Selected along with two other students to assist Dr. Emma Arteeth, DDS with a variety of dental services for pediatric patients from low-income families in the Fillmore district of San Francisco
- Independently performed routine and surgical procedures, including tooth extractions, intra-coronal restorations, and oral exams
- Provided support and guidance to patients with behavioral management issues undergoing dental care
- Provided dental health screenings in local elementary schools on a weekly basis and created supporting pamphlets on dental education for children, such as brushing and flossing technique

Wild Rabbit Dentistry, Boston, MA

00/20xx – 00/20xx

Externship / Preceptor: Cartooth Fluoridia, DMD

- Managed pediatric patients before, during, and after surgery, including providing post-operative care to patients and their families in a federally qualified health center
- Completed a variety of restorative dental procedures, including fillings, pulpotomies, and stainless steel crowns
- Reviewed outgoing referrals with physicians for patients with chronic conditions requiring medical consults
- Gained extensive experience in the use of various restorative materials under the supervision of Dr. Cartooth Fluoridia, DMD

RESEARCH

Institution, Name of Department, Title

00/20xx – 00/20xx

City, State Abbreviation (not necessary if location is already in the name of the organization, e.g. UCSF)

Advisor: Name and Degree of Advisor/PI

Study: Title of Study

- Provide an overview of the project focus
- Include the main responsibilities related to the research
- Briefly describe the outcomes resulting from your research (manuscript in preparation, poster presentation, etc.)

Kansas State Univeristy (KSU), Department of Pediatrics, *Research Assistant*

00/20xx – 00/20xx

Manhattan, KS

Advisor: Mary Crown, DMD, MS, MPH

Study: Disparities in Children's Oral Health Project

- Addressed the potential ramifications of eliminating pediatric dental services from the Manhattan County Department
- Designed and conducted a cross-sectional survey and compared dental utilization and perceived oral health status among patients at three different KSU health centers, two with pediatric and two without pediatric dental services
- Presented a poster which displayed an increase in caries risk and need for extractions due to caries in populations without pediatric dental services while compared to those with pediatric dental services

Los Niños De La Raza, *Research Assistant*

00/20xx – 00/20xx

Oakland, CA

Advisor: Jonathan Bridgington, DMD

Study: Equity in Pediatric Dentistry

- Coordinated a research project that analyzed healthcare equity and disparities, with a focus on specific public health strategies to support the low-income families of Oakland
- Co-wrote the IRB and conducted statistical analysis utilizing R to investigate various approaches to pediatric oral health management, which included sealants, pulp therapy, space maintainers, and dental emergencies
- Interpreted data that demonstrated that low-income families in Oakland receive less preventative care, along with fewer resources, while compared to communities in Berkley, CA

PROFESSIONAL LEADERSHIP & SERVICE

UCSF STAR Clinic, San Francisco, CA

00/20xx – 00/20xx

Student Volunteer Coordinator / Preceptor: Cathay Gingivastein, DDS

- Provided dental examinations, oral hygiene education, and sealant applications to an average of six patients per day, with a particular emphasis on individuals with Autism Spectrum Disorder or Neurodevelopmental Delay
- Coordinated schedules for multiple dental students and dentists to ensure that all participants had equal experience to various procedures, including root canals, fillings, and pulp therapy

American Society of Dentistry for Children, San Francisco, CA

00/20xx – 00/20xx

Community Outreach / Club Advisor: Borris Bridgeman, DDS

- Coordinated Pediatric Dentistry seminars for students to increase and solidify their interest in the speciality
- Organized bi-weekly meetings to discuss potential outreach relationships with the local community to expand access to pediatric dental care
- Developed a mentoring program where dental students have the opportunity to gain experience in pediatric dentistry, with a focus on neurodevelopmental disorders, while working with various faculty members

Alpha Alpha Alpha Dental Association, San Francisco, CA

00/20xx – 00/20xx

4th Year Class Representative / Club Advisor: Jacob Flossington, DDS

- Managed and organized a dental fraternity of forty-five members and an annual budget totaling \$XX,XXX
- Initiated a professional development series through private practice visits, as well as community service with the California Public Health Association-North American Society of Dentistry for Children

CONTINUING DENTAL EDUCATION

Pain Management in Patients with Autism Spectrum Disorder, Prague Tooth Group 00/20xx

How to Manage Pediatric Dental Emergencies, Enamel Group 00/20xx
