## RN Clinical Rotations

**Student Nurse, MEPN, University of California, San Francisco, 0000-0000**

Completed more than **XXX hours of clinical work** under the supervision of a preceptor in the following settings:

**UCSF Medical Center: *Fundamental Skills, Medical-Surgical Nursing, Maternal-Child Nursing***

Completed 10 weeks each on the Oncology, Cardiology, and Maternity units. Worked 8 to 12-hour shifts under supervision of a preceptor giving comprehensive patient care for up to 3 patients, managing discharges and admissions, administering medications, coordinating care plans, & educating and advocating for patients and families. Throughout the maternal-child rotation rotated shifts to experience ante- and postpartum care, labor & delivery, the well-baby nursery, and the NICU.

**San Francisco General Hospital: *Pediatric Nursing***

Provided direct patient care, assessment, & education for up to three pediatric patients and their families during six weeks of 12-hour shifts at the Summit Campus. Performed assessment and intervention for a variety of diagnoses, provided families with information and support, assisted children with activities of daily living, administered medications, and managed discharge and admission of patients.

**Palo Alto VA Hospital: *Psychiatric Nursing***

Worked 6-hour shifts for 4 weeks on the inpatient Geriatric Unit leading groups and recreational therapy sessions, performing assessments and interventions for a variety of psychiatric diagnoses, and aiding in completion.

**Berkeley Public Health Department: *Community Health Nursing***

Under supervision of a public health nurse, performed both community and family assessments in Berkeley neighborhoods, managed a caseload of four clients over eight weeks, and made home visits to underserved or vulnerable members of the community, including pregnant women, new mothers and infants, rehabilitating elderly, and chronically ill clients.

**Multi-Agency Services Center, Berkeley, CA: *Community Health Nursing***

Identified and addressed the health needs of a homeless population by designing and implementing a series of free health clinics and educational sessions.

- **California Pacific Medical Center, Breast Health Center**, Volunteer, CA (0000-0000)
- **Bay View Community Health Center**, Volunteer Intern, Palo Alto, CA (0000-0000)
- **UCSF, Pediatric Bone Density Study**, Research Assistant, CA (0000-0000)
- **Planned Parenthood**, Volunteer, Santa Cruz, CA (0000-0000)
- **YMCA**, Peer Nutrition Educator, Carlisle, PA (0000-0000)

- Capable of using Spanish in medical capacity.

Note:  
This level of detail about your clinical rotations is only necessary if you are applying to a facility unfamiliar with the MEPN program.
