EDUCATION

University of California, San Francisco/San Francisco State University

Masters of Science in Physical Therapy – September 0000.

Stanford University, Palo Alto, CA

B.S. in Environmental Biology – 0000. Thesis Honors.

PHYSICAL THERAPY EXPERIENCE

Inpatient Rehabilitation, *General Relativity Clinic*, San Francisco, CA (Aug. 0000 – Sept. 0000)

6-week Clinical Internship at 24-bed inpatient rehabilitation unit. Responsible for the evaluation, treatment, education, and discharge planning of full patient load. Treated patients with stroke, spinal cord injury, traumatic brain injury, amputation, neuropathy, encephalopathy, and post-surgical orthopedic injuries. Collaborated with physicians, occupational therapy, speech-language pathology, nursing, social work, and neuropsychology in providing comprehensive rehabilitation services for adult and geriatric patients. Supervised and directed rehabilitation aides. Participated in multi-disciplinary rounds, patient/family conferences, and conducted family/caregiver education and training. Advocated for patients and negotiated with insurance companies to address patient equipment and healthcare needs.

Outpatient Orthopedics & Sports Medicine, *Nobel Prize Sports Therapy Assoc.*, Oakland, CA (May 0000 – Aug. 0000)

12-week Clinical Internship at therapist-owned, private orthopedic and sports medicine physical therapy practice. Evaluated and treated adult outpatient orthopedic and sports medicine patients with diverse diagnoses including post-surgical shoulder and knee patients, RTC impingement, lumbar and cervical pain, degenerative disc disease, osteoarthritis, and fractures with significant autonomy. Responsible for the management and treatment of up to 16 patients per day, supervision of support staff, documentation of services, correspondence with physicians, equipment assessment, and fitting. Treatments included manual therapy, joint mobilization, ROM, traction, stretching, strengthening, modalities, soft-tissue mobilization, and casting for orthotics.

Outpatient Orthopedics, *UCSF/SFSU Faculty Practice*, San Francisco, CA (Sept. 0000 – June 0000)

10-month Part-time Clinical Affiliation at UCSF Faculty Practice. Responsible for the evaluation and treatment of outpatient orthopedic and chronic pain patients with supervision of clinical instructor. Provided documentation to support the delivery of physical therapy. Diagnoses included lumbar and cervical pain, fractures, impingement syndrome, tendonitis, patellofemoral dysfunction, spinal tuberculosis, post-polio syndrome, myofascial pain, muscle weakness, osteoarthritis, chronic fatigue syndrome, and fibromyalgia.

Inpatient Acute, *EMC Medical Center*, San Francisco, CA (July 0000 – Aug. 0000)

6-week Clinical Affiliation at neurosurgical and neurovascular service at a tertiary care medical center. Responsible for the evaluation, treatment, and education of acute neurological and post-surgical patients in ICU and acute units. Participated in multidisciplinary patient rounds. Treated patients with a variety of diagnoses including CVA, intercranial hemorrhage, TBI, aneurism, brain cancer, spinal cord injury, lupus, and coronary artery disease.

RELEVANT EXPERIENCE AND CLINICAL EDUCATION

Continuing Education: *Treating Chronic Pain Patients with Knowledge and Confidence: A Multidisciplinary Approach in the Managed Care Environment*. Instructor: Charles Darwin (April 0000)

Rehabilitation Aide, *Annus Mirabilis Medical Center, San Luis Obispo, CA* (Sept. 0000 – Oct. 0000)

Outpatient orthopedic and neurology clinic and acute weekend rotation at a community medical center.

RESEARCH EXPERIENCE

Skeletal Muscle Structure and Exercise Capacity in Bone Transplant, Donor-Recipient Siblings. In collaboration with Neils Bohr, PT, PhD and Marie Curie, PhD. Currently being edited for journal submission.
